Let's Travel Again!

"Do you miss meeting new people, places and cultures?" We want to go forward, not back, and we are ready to travel with new safety procedures in place.

Hygiene and Social Distancing Measures

The health and safety of our staff and customers is our number one priority and that's why we've introduced a number of enhanced health and safety measures. We are continuously following government advice and requirements of the local health authorities to reduce the risk associated with the spread of Covid-19.

Will I need a face mask? (New August 17, 2021)

At this time, it is a federal requirement that people wear masks while traveling on transportation until January 18, 2022. We will closely follow any changes to the Transportation Security Administration guidance and plan accordingly. Our travelers are expected to comply with face mask mandates as required by the TSA.

Any additional requirements?

All Southwest Coaches, Inc./Southwest Tour and Travel travelers are required to complete a health questionnaire and waiver prior to departure.

Note: At this time, we are not printing a tour book due to all the changes happening in the industry due to the pandemic. Please check our website at swtourandtravel.com or call our office at 800-669-1309 to have brochures mailed to you.

*Black Hills (Featuring the Buffalo Round Up
